Ref: Surplus vehicles from County

Mr. Arnold,

It is my understanding that the County has intentions of replacing some of its fleet of vehicles and may have a Ford pickup included in this group. As you know the City of Webster is in need of a truck due to the age and wear and tear on the one we have.

I sincerely request that you donate one or more of the trucks to the City of Webster if it is at all possible.

The citizens of Webster, the Staff of City of Webster and I would be greatly appreciative of any donation your agency can provide us.

Thanks in advance

Sarah Snider
for Mayor Stephen P. Croft.
